

ACROSS SCOTLAND

COURSE DESCRIPTION

Looking for an unforgettable adventure? Starting in Oban you will travel across Scotland through some of the most stunning landscapes and scenery in the UK. Canadian Canoe, Mountain Bike and Foot will be your main modes of transport; your route, for six days, will follow the natural linear features of the landscape – sea lochs, river valleys & mountain passes – and will total 225km from start to finish! To get your trip off to a fantastic start, Day 1, Leg 1, could start with a fast and fabulous trip up Loch Etive by Rib!

This is a challenging yet rewarding journey and is one of our most popular UK leadership development and team building challenges. Venture Force will provide fully qualified leaders in addition leadership development facilitators to help your team achieve more from the course. We also want you to have fun!

THE NUTS AND BOLTS

Location: Oban to Aberdeen (or alternative route)

Cost: Please ask us for a quote, the cost will depend on the route, the number of participants

Timing: Can be completed over 6 days but an itinerary can be planned to meet your requirements.

Food and Drink: Food and drink for the entire course will be provided.

Accommodation: Tents, Hostels or Bed and Breakfasts. This can be designed to meet your needs.

PROGRAMME OUTLINE

The team will be met in Oban by our Venture Force team leaders, the Venture Force course director and our Leadership and Development facilitators. Our course director will welcome the teams, provide a comprehensive course description and divide them into groups before handing them to the capable hands of the Team leaders.

The team will be required to complete the journey across Scotland by a mixture of canoe, mountain bike and foot travel! Venture Force will provide all the necessary equipment* and training as necessary and will coordinate all logistics.

Please note: This is an example course/route and we would be happy to discuss variations on a theme to help you get out of it what you want. The learning outcomes and focus can be adjusted dependent on your needs.

YOUR ADVENTURE IS WAITING...
