## GHANA (21 DAYS)

### EXPEDITION CONTENT

#### THE EUGEMOT ORPHANAGE: OUR STORY

Since 2012 'Venture Force Ltd' and 'The Venture Force Foundation' (Reg Charity number 1152431) [www.vffoundation.co.uk](http://www.vffoundation.co.uk) have been heavily involved in the construction of a new purpose built home for the children and staff of the 'Eugemot Orphanage', located in the Upper Volta Region of Ghana. We are dedicated to ensuring that we deliver projects that are both worthwhile to the community (what they want – not what we want!) and sustainable. Our previous projects in Ghana have included; installing water purification systems in rural villages, community toilets, refurbishing medical centres, building community libraries and school buildings.

Venture Force will ensure that your project is well researched, necessary, worthwhile and will involve your team in the very fabric of Ghanaian, rural culture. Your team will learn about Ghana and about themselves, fostering teamwork, self esteem and resilience.

#### YOUR EXPEDITION

In addition to a valuable community project you team will be involved in Ghanaian life & will have the opportunity to explore the Volta region of Ghana. The team will visit local homes, Churches and Sunday school and will also visit the Kente weaving village, Tafi Atome Monkey Sanctuary and Wli waterfall. Having been welcomed to the village by the 'Area Chief' the team will take part in lessons at a local school and will be involved in football, volleyball and rounders tournaments! You will also get the chance to learn local dances and be taught how to drum and cook the Ghanaian way.

Following your community project you will explore the more of what Ghana has to offer, including: a Safari in Mole National Park, a three day trek through the villages of the National Park, a visit to the Kakum National Park with a chance of seeing elephants in the wild, a boat trip across Lake Volta to the Afram Planes to join local families living by the lake, a visit to the Kumasi Royal Palace and the famous food market and finally a chance to explore the Cape Coast with its white sand beaches and Castles which tell the story of the Slave Trade in Ghana.
